

GOALS FOR THE DCFRC

- ◆ To provide information to families concerning educational, vocational, social, mental health and other programs available in the community
- ◆ To establish a cooperative forum for all social service agencies to provide an efficient, maximized service program to the community
- ◆ To provide/coordinate parent training for parents in order to build bridges between home and school
- ◆ To decrease truancy rates by increasing home and school communications
- ◆ To present or coordinate programs as needed for schools and community
- ◆ To collaborate agency personnel throughout the community and surrounding areas to present needed services to families
- ◆ To act as a clearinghouse and resource for students, parents, schools, and the community

DECATUR COUNTY FAMILY RESOURCE CENTER

Family support and involvement is one of the factors that help children succeed in schools. Research indicates that family involvement in schools increases student achievement (Henderson & Berla, 1994; Balen & Moles, 1994; Epstein, 1995).

Parent involvement is critical in facilitating children's development and achievement and in preventing and remedying educational and developmental problems (Scannella, 2005). With full parental involvement ALL children achieve.

The family resource center is designed by the school system to intervene and teach families how to resolve problems. The DCFRC is designed to serve all students and their families in the Decatur County School System.
